Hardware Description:

NEW Internal Batteries Included
Standard Runtime

Liebert UPStation S, a true on-line UPS, eliminates a wide range of potential power problems: spikes, surges and extended over voltage, noise and other transients, sags and extended brownouts...even difficult-to-track harmonics and dangerous frequency variations that are common with standby generator operation.

Ideal Applications

- Office telecommunications systems
- Voicemail and E-Mail servers
- LAN and WAN servers
- Clustered network equipment: hubs, routers, bridges
- Remote telecommunications units
- Test and diagnostic equipment
- Engineering network servers
